**WHAT DO YOU THINK QUESTIONS**  
Discuss the following questions with a partner. There are no right or wrong answers.

- What do you think it would be like to be a pharaoh and have the best of everything and lots of servants?
- What do you think life would be like if you were a servant instead of the pharaoh?

**TIMELINE:**  
• 3325 BCE King Menes united Egypt

**MAP WORK:**

- Color the Nile blue and label it.
- Carefully color the land right next to the Nile green to represent the black land.
- Color Lower Egypt red on your map.
- Color Upper Egypt white (to represent its color in the double crown).

Note: Lower Egypt is at the top of your map and Upper Egypt is below it. That's because modern maps are almost always made so that north is at the top of the map. However, because the Nile flows from central Africa north to the Mediterranean Sea, the Egyptians saw the top of the world as where the Nile came from, and the bottom where the Nile was flowing. That's why the Upper and Lower Nile look upside down to us!

**Coloring page for each chapter.**
